**MODIFIED BALLOT TITLE**

**Eliminates (with exceptions) motorists' current ability to use studded tires  
November to April/by permit**

**Result of "Yes" Vote:** "Yes" vote eliminates (with exceptions) motorists' current ability to use studded tires from November to April and/or by permit, allows fines for such use.

**Result of "No" Vote:** "No" vote retains motorists' option to use studded tires November to April, other times if authorized by ODOT/other road authority, or if studs retractable.

**Summary:** Current Oregon law prohibits use of studded tires with specified exceptions; person committing unauthorized use of studded tires subject to fines, other penalties. One exception to the prohibition on studded-tire use allows motorists to use studded tires from November until April; ODOT has authority to shorten or lengthen the time period in which studded-tire use is permitted. Other exceptions allow use of retractable studded tires year round, and authorize ODOT/other road authorities to issue permits allowing studded-tire use at other times. Proposed measure eliminates these exceptions to studded-tire ban, resulting in year-round prohibition on use of studded tires, including retractable studded tires, and eliminating authority of ODOT/other road authorities to authorize studded-tire use by permit. Other provisions.
